PHOTOPLAY
 Special To-night..... **UNDER THE DAISIES**..... Two Reel Vitaphone
 John Mears, the critic of the evening sun, goes away into the country to get back his failing health. Here he meets a pretty country maid in a field of daisies. They become good friends and before he leaves for the city he gets her to promise to follow him to the city and there marry him. But when she gets to the city, Mears puts off the wedding and the girl heartbroken starts back home, but never reaches there, for she drops exhausted in the field of daisies where they first met. Here she writes a farewell note to Mears, recounting the history of their meeting in a form of a beautiful poem. Robert Burton, the play writer, finds the girl and this poem, and puts it in the form of a play, and gets Mears to criticize it. He recognizes by the play his own actions, and overcome by remorse he goes home to make away with his worthless life.
 The third reel to-night will be:

MANY PRESENT AT JANUARY COURT

Case Involving Serious Charge Draws Large Crowds to the Court House. Patterson is Acquitted. Other Cases in Court.

January term of Court is drawing attendance reaching well into the hundreds. Frequently every seat is occupied and standing room is in demand for those who find interest in an unsavory case involving a serious charge against Paul M. Starnes, of Tillie. In drawing a jury for the trial of this case the regular panel was exhausted and five of the twelve men finally selected were chosen from men in the Court room. The jury as now composed consists of the following: William H. Carbaugh, Webster Shank, Zachariah M. Danner, Lewis Stavelly, James Kimple, Oliver Waybright, Emory Steinhour, Samuel Biddle, J. H. Gince, John L. Myers, H. M. McElhenny, and Reuben Schwartz. District Attorney Wible and John D. Keith are conducting the case for the Commonwealth while Charles S. Duncan and J. Donald Swope represent the defendant.

The constables' returns included three hotels in the county. Jacob Dear-dorff, constable of Franklin township, reported a violation by Abner Kump, proprietor of the Rock Top Hotel at Cashtown in selling liquor to a man visibly intoxicated. Constable David F. Stary, of York Springs, reported Levi Trimmer and Willis Hoke for selling liquor to minors and Michael Hoke for selling to a man visibly intoxicated and an habitual drunkard. Two hotels are represented. Processes were awarded to be lifted at the direction of the District Attorney.

Claude Groft entered a plea of guilty to a charge of receiving stolen chickens. He will come up for sentence on Saturday.

In the case of the Commonwealth vs Charles Patterson, the defendant is the man alleged to have shot a colored woman on the day of the large excursion from Baltimore late last Summer. The Commonwealth was unable to produce its principal witnesses, owing to their unwillingness to testify and the inability to compel them to come here, because of their residence in another state. Patterson had been in jail for eighty six days and he was allowed to go when the jury returned a verdict of not guilty. He left town for Baltimore on the first train.

A true bill was returned by the grand jury in three of the four counts against Clarence Yenser, the alleged offender in the Bittinger stabbing affair of some months ago. The case has not yet been called for trial.

The grand jury returned a true bill in the case of the Commonwealth vs Peter Stoner charged with a serious offense.

The assault and battery case of the Commonwealth vs Oliver Miller was continued to April term of Court after the grand jury had returned a true bill. He entered recognizance in the sum of \$500 for his appearance at April Court.

The petition of the Board of Viewers in the Liberty township road case, for a continuance to April Court, was granted.

John Wolf and Edgar Brenizer were appointed tipstaves for the first week, and Amos Palmer and C. G. Morrell for the second week. W. S. Adams was appointed foreman of the grand jury.

YORK POSTMASTER

Harry Wasbers is Finally Selected for the York Office.

Harry Wasbers, Pennsylvania state senator from York county, will be recommended to President Wilson by Congressman A. R. Brodbeck for the postmastership of York. In a telegram Congressman Brodbeck declared that Mr. Wasbers would be the next postmaster if he would accept. Mr. Wasbers, after listening to the persuasion of his friends, decided to take the office. It pays \$3,400 a year. There were 20 applicants for the office.

LARGE REVIVAL

Fifteen Conversions at Revival in Western End of the County.

A successful revival is in progress at Iron Springs at the United Brethren Church under the pastorate of Rev. W. E. Canoles from Biglerville. There have been fifteen conversions and there are three at the altar. Thirteen joined the church at that place on last Sunday.

COUNTY PEOPLE TAKEN BY DEATH

Ira Klingel Died at his Home in New Oxford after an Illness of Several Years. Mrs. Millhimes Dies Near Abbottstown.

IRA L. KLINGEL
 Ira L. Klingel died of tuberculosis at his home in New Oxford Monday evening at 9:00 o'clock. He was born in that town on August 28th, 1877 and had resided there up to his death. As long as his health permitted he worked with his father at the barber trade.

He spent about three months last winter at Mont Alto Sanitarium and came home much improved but soon relapsed and began again to lose strength and ever since has been almost an invalid. His mother died about two years ago and it was shortly after that, that the disease became noticeable.

He leaves his wife, who was formerly Miss Grace Weikert. He is also survived by one child, and his father, George A. Klingel, of New Oxford; and a sister, Mrs. Paul Walker, of Baltimore, Md.

Funeral services at his late home on Thursday morning at 10:00 o'clock conducted by Rev. L. Dow Ott. Interment in New Oxford cemetery.

MRS. HENRY HOFFHEINS
 Mrs. Henry Hoffheins died Saturday at her home near Abbottstown, after a week's illness. She was aged 53 years, 3 months and 10 days.

She is survived by her husband and four children, Ray and George, Carrie and Bernice, at home; also by four brothers and two sisters—Samuel, Augustus and Henry Duncan, of Lintier, Ill.; and Jeremiah Duncan, of Decatur, Ill.; Mrs. John Miller, of Vivian, Ind.; and Mrs. Andrew Sponseller, of New Oxford.

Funeral Wednesday, Jan. 28, at 10 o'clock, further services at the Lutheran church, in Abbottstown, and interment in the Lutheran cemetery, Rev. F. C. Sternat officiating.

FELL DOWN CELLARWAY

Blind Paper Carrier Falls Down Cellar Steps.

Amos Funt, formerly of near Arendtsville, was the victim of an unfortunate accident at Spring Grove last week. A letter from that place says:

Amos Funt, the blind paper carrier of this borough, was slightly injured Tuesday afternoon when he walked into an open cellar way at the home of Noah E. Hassler. He fell to the bottom of the cellar steps sustaining a severe sprain of the left side of his body and bruises on his legs. It was at first thought that several ribs were broken.

Mr. Funt is completely blind. He makes his trips twice daily delivering papers over the borough. This is the first accident he has had for a number of years. Without any assistance he makes his daily trips. He knows the location of every residence, crossing, and walk in the town, which he travels with as much ease as a person who possesses sight.

COLLEGE CLUBS TO TAKE TRIPS

Musical Clubs to Travel by Private Car through Central Pennsylvania. Will Give Ten Concerts. Basket Ball Trips.

Following the close of their mid-year examinations next week the combined musical clubs of Gettysburg College will start on their annual ten days' tour through Central and Western Pennsylvania. A farewell concert will be given here on February 6 and the following Monday the clubs will start out.

Harrisburg will be their first stop for a concert Monday night. Altoona will be visited Tuesday, Roaring Springs Wednesday, Greensburg Thursday, Pittsburgh Friday, and Keyser, West Virginia, on Saturday. The following Monday a concert will be given in Albough's Theatre, Baltimore and the final dates will be at Spring Grove and Hanover. The greater part of the trip will be made in a private car and a special train has been promised for one lap of the journey.

S. K. Spicher is manager of the combined clubs; G. Edgar Miller, of Gettysburg, is leader of the mandolin and guitar club and T. L. Smith, of Newport, is leader of the glee club.

The basket ball team leaves this week on a three days' tour to Central Pennsylvania colleges. On Thursday night they play Susquehanna at Selinsgrove; on Friday night, State College at State College, and on Saturday night, Juniata at Huntingdon. Two trips will be taken in February, the one including Harrisburg and Albright; the other Bucknell, Bloomsburg Normal and Wilkes-Barre. Early in March the final trip of the year will be made, Franklin and Marshall and the York All-Collegians being the opponents.

COLORADO MARBLE

Selected for the Lincoln Memorial at Washington.

Upon receiving a report that "the artistic qualities of the Colorado marble as compared with others submitted, in the opinion of the Commission of Fine Arts fitted it pre-eminently for a structure of the character of the Lincoln Memorial", Secretary Garrison decided to award the contract for the construction of the memorial from that material. This is in accordance with the recommendation of the Lincoln Memorial Commission.

The Georgia congressional delegation had urged the use of marble from their state. The memorial which will stand in Potomac Park, Washington, was chosen in preference to a memorial highway from that city to Gettysburg.

LICENSE FIGHTS

Seven Licenses Held up in Cumberland County.

Seven licenses for hotels in Cumberland county were held up by Judge Sadler Monday, pending arguments following the filing of petitions against the hotels. Licenses were granted to the remainder of the hotels that applied. The hotels against which remonstrances were filed are: two hotels in Newville, New Kingston, Hogestown, Churchtown, and West Fairview. There was no formal remonstrance against the New Cumberland Hotel, but several letters asking that a license be not granted to the hotel were sent to the judge, and therefore the license has not yet been given.

STEERING GEAR BROKEN

Ran Automobile into Fence. Little Damage Done.

While Charles F. Smith, of McSherrytown, was on his way home from York, Sunday evening the steering-gear of his automobile broke and the machine turned suddenly to one side and ran into a fence.

Fortunately, no one was injured, although there were several persons in the car. The front axle of the car was badly bent, one light broken, with slight damage to several other parts of the car. After preliminary repairs they were able to run the car home.

PLAN TO MAKE BETTER INDIANS

Bill Introduced Providing for Additional Courses at Carlisle. Paper of that Town Rises in Defense of Friedman.

A more advanced curriculum and manual training features of broader scope will be inaugurated at the Carlisle Indian School, if the recommendations of the House Committee on Indian Affairs prevail. This committee favorably considered the raising of the school's standard on Saturday and at the same time approved of its annual appropriation of \$152,000.

There is a great difference of opinion as to the needs for the establishment of higher education for Indians. Those who are familiar with the subject say that while the Indian has made great strides in intellectual and material development, he is not sufficiently advanced in academic branches to justify teaching in university studies.

As the result of expert opinion the House Committee recommended a gradual raising of the course at Carlisle to include some of the studies embraced in the best high schools and an extension of the manual training course. It is proposed to teach the Indian practical trades that will fit him to take his place beside the white boy.

The Carlisle Herald is quick to resent the charges said to have been brought against the superintendent of the school, saying in an editorial:

"The Indian school should be protected. The present investigation might develop into a pretext made up of false fabric for the removal of the school from Carlisle to some point in the west. If this should culminate, the blame will be justly placed on Carlisle residents, for it is on complaints based on selfish motives originated in Carlisle that have caused the present situation."

"A canvass made of responsible citizens who are in touch with the affairs at the Indian school, shows how the conduct of the institution is regarded in Carlisle. Mr. Friedman is held in the highest personal esteem. He has been energetic in broadening the curriculum of the school and extending its practical courses, adopting several new and valuable ideas. He has worked constantly in upbuilding the school. When he came here the condition of the buildings and grounds was pathetic. To-day the campus and its adjoining structures, are models of neatness and architectural beauty. The buildings which were once unsanitary shacks, are in the best condition."

TWO LECTURES

Lectures on the Holy Land to be Given at the Seminary.

Dr. H. C. Alleman has received for the Seminary an invoice of several hundred lantern slides of scenes in Egypt, Palestine and Syria. These slides, which were made by Fr. Vester & Co., Jerusalem, are the gift of Mr. H. C. Miller, of Philadelphia, a member of the Seminary Board. Dr. Alleman will show these pictures in the Seminary Chapel Thursday evening Jan. 29, and Friday evening, Feb. 6, at 7 p. m. The first series will be "From Cairo to Jerusalem," and the second series "Afield in the Holy Land." The public are invited.

FIRE AT HANOVER

\$10,000 Damage Caused by Blaze in Piano Factory.

A fire of unknown origin caused an estimated loss of \$10,000 at the A. B. Onwaka piano player factory, in Hanover, late Saturday night. The fire started in the front of the building and spread rapidly. It apparently started on the first floor near an elevator shaft and quickly spread to both floors. All the machinery, and the finished parts of piano-players stored in the northeast part of the building were destroyed. The loss to the company is between \$7,000 and \$8,000, partly covered by insurance, while the building, which belongs to C. J. De-lone, is damaged to the extent of over \$3,000, covered by insurance. Mr. Onwaka has been engaged in the manufacture of piano-players at Hanover since May 1912, having formerly been with the Washington Manufacturing company, which firm bought out the business of the Smith Lyraphone company several years ago. Twenty-five persons were employed regularly until the holidays, when the plant was closed down while negotiations were made to move the factory.

Nose and Head Stopped Up From
Cold Or Catarrh, Open At Once
My Cleansing, Healing Balm Instantly
Cures Nose, Head and Throat—
Stops Nasty Catarrhal Discharges.
Nail Headache Goes.

Get a small bottle anyway, just to
try it—Apply a little in the nostrils
and instantly your clogged nose and
stopped-up air passages of the head
will open; you will breathe freely;
stiffness and headache disappear. By
morning the catarrh, cold-in-head or
catarrhal sore throat will be gone.
And such misery now! Get the small
bottle of "Ely's Cream Balm" at any
drug store. This sweet, fragrant balm
dissolves by the heat of the nostrils;
penetrates and heals the inflamed,
swollen membrane which lines the
nose, head and throat; clears the air
passages; stops nasty discharges and
a feeling of cleansing, soothing relief
comes immediately.
Don't lay awake to-night struggling
for breath, with head stuffed; nostrils
closed, hawking and blowing. Catarrh
or a cold, with its running nose, foul
mucous dropping into the throat, and
raw dryness is distressing but truly
needless.
Put your faith—just once—in "Ely's
Cream Balm" and your cold or catarrh
will surely disappear.

PROBERS RAP
FRISCO BOND SALE
Say Receivership Was Result
of Financial Deals.
BIG PROFITS FOR YOKUM
Subsidiary Lines Were Purchased at
Prices That Afforded Large Profits
to Syndicate Subscribers.
Washington, Jan. 27.—Financial op-
erations—were not ordinary railroad
difficulties—were the cause of the receivership
of the St. Louis & San Francisco
railroad system, according to the
investigation, reported at the direction
of the senate.
Although the report says the senate
resolution "does not call for expres-
sion of opinion or recommendations," it
does declare, referring to the sale
just before the receivership of \$3,000,000
of five per cent bonds, French ser-
vice, at 15, to Speyer & Co., of New
York, "that the sale of securities to
the investing public through bankers
at a time when every appearance in-
dicated the insolvency of the issuing
company, invites and warrants the
condemnation of all who assisted or
participated in each sale."
"Speyer & Co. should have been
aware of the poverty of the Frisco
and of its difficulties in obtaining
funds."
The insolvency of the Frisco, the
report says, may be attributed to vari-
ous causes, among them:
"Disproportionate capitalization."
"The acquisition of new lines."
"The financing by the Frisco of the
New Orleans, Texas & Mexico railroads
and other south Texas lines."
"The sale of its securities at prices
so low as to indicate a deplorably
weakened credit or an extravagant ar-
rangement with bankers to whom
large profits accrued in the purchase
of the bonds and the subsequent sale
of the same to the public."
"It appears that a number of lines
acquired by the Frisco were purchased
by that company at prices which af-
forded large profits to the syndicate
subscribers, and, trust, consequently
among the subscribers to these syn-
dicates were various officials of the
Frisco, including B. F. Yokum, chair-
man of the board of directors, as well
as officers of the St. Louis Union Trust
company."
A summary of various syndicate or-
cations on properties sold to the
Frisco system and the profits of sub-
scribers and trust companies was
given as follows:
"Oklahoma City & Western, amount
paid in, \$2,000,000; profit, \$300,000;
\$278,821.
"St. Louis, San Francisco & New
Orleans, amount paid in, \$3,000,000;
profit, \$337,400.
"St. Louis & Gulf, amount paid in,
\$2,700,000; profit, \$1,387,500;
\$2,700,000.
"St. Louis & Oklahoma City,
amount paid in, \$1,000,000; profit,
\$500,150.
"St. Louis, Oklahoma & Southern,
\$2,125,000; profit, \$195,571.
"Adams Valley & Western, \$400,000;
profit, \$80,000.
"New River & Northern, amount
paid in, \$2,000,000; profit, \$200,000.
"St. Louis, Brownsville & Mexico,
\$2,000,000; profit, \$1,011,928.
"Colorado Southern, New Orleans &
Pacific, amount paid in, \$1,000,000;
profit, \$375,000.
"Total amount paid in, \$20,571,111;
profit, \$8,417,701."
For financing the construction of
the St. Louis, San Francisco & New
Orleans with \$3,000,000 paid in, N.
O. & I. T. Co., H. C. Porter, Blair
Co., J. M. Campbell, W. K. Kirby and
other subscribers, profited \$375,000.
B. F. Yokum, the report says, was
the only official of the Frisco who
invested in a syndicate composed of
members formed April 19, 1913, to pur-
chase the St. Louis & Gulf railroad,
with a subscription of \$2,700,000.
Yokum, the report says, subscribed \$750,000
and received \$1,387,500 as a
portion of the distribution of the syn-
dicate. In addition, he obtained an ad-
ditional profit of \$375,000 through the
purchase of bonds and properties con-
solidated with the St. Louis & Gulf.
Syndicate profits for the purchase
of the Adams Valley & Western
amounted to \$80,000, in which of-
ficer and other officials of the
Frisco participated.

SIX PUPILS BURNED
IN POWDER FLASH
Explosive Strangely Appears in
School Yard.
Philadelphia, Jan. 27.—Six children
were burned by the mysterious ex-
plosion of powder in the school yard of
St. Michael's parochial school, Second
street below Jefferson.
How the powder was placed in the
school yard and what caused its ex-
plosion still remains a mystery to the
police.
The injured are: Margaret Lynch,
six years old; Ella Hurlman, nine
years old; Mary Maher, nine years
old; Elizabeth and Mary Mitchell,
seven and five years old, respectively;
Helen McAleer, eight years old.
All of the injured were taken to St.
Mary's hospital, where their burns
were treated. In all cases they were
taken back to school.
The accident occurred during the
recess hour, when nearly all the chil-
dren in the school were in the yard.
With a loud noise the powder flared
up from the pavement.
The police are conducting an in-
vestigation of the case, but as yet
have no idea as to where the powder
came from or who placed it in the
yard. The explosion is shrouded in
mystery.

WILSON PLANS CHICAGO TRIP
Probably Will Speak in That City on
Washington's Birthday.
Washington, Jan. 27.—That Presi-
dent Wilson is seriously consider-
ing visiting Chicago on Washington's
Birthday developed.
General Henry T. Allen, who called
at the White House to invite the pre-
sident to address the annual banquet
of the local commandery of the Sons
of the American Revolution on Feb.
22, was told that Mr. Wilson may be
in Chicago at that time.
The president was invited a week
ago to go to Chicago and attend the
Washington's Birthday celebration of
the Union League club. He then told
the committee that he would do so if
he had "anything to tell the public."
It is likely that if the president does
visit Chicago he will elaborate in his
speech on his known views on anti-
trust legislation.

verely injured when passenger train
No. 70 on the Saginaw division of the
Michigan Central railroad crashed
head-on into a freight train three
miles from this city.

PROBERS RAP
FRISCO BOND SALE
Say Receivership Was Result
of Financial Deals.
BIG PROFITS FOR YOKUM
Subsidiary Lines Were Purchased at
Prices That Afforded Large Profits
to Syndicate Subscribers.
Washington, Jan. 27.—Financial op-
erations—were not ordinary railroad
difficulties—were the cause of the receivership
of the St. Louis & San Francisco
railroad system, according to the
investigation, reported at the direction
of the senate.
Although the report says the senate
resolution "does not call for expres-
sion of opinion or recommendations," it
does declare, referring to the sale
just before the receivership of \$3,000,000
of five per cent bonds, French ser-
vice, at 15, to Speyer & Co., of New
York, "that the sale of securities to
the investing public through bankers
at a time when every appearance in-
dicated the insolvency of the issuing
company, invites and warrants the
condemnation of all who assisted or
participated in each sale."
"Speyer & Co. should have been
aware of the poverty of the Frisco
and of its difficulties in obtaining
funds."
The insolvency of the Frisco, the
report says, may be attributed to vari-
ous causes, among them:
"Disproportionate capitalization."
"The acquisition of new lines."
"The financing by the Frisco of the
New Orleans, Texas & Mexico railroads
and other south Texas lines."
"The sale of its securities at prices
so low as to indicate a deplorably
weakened credit or an extravagant ar-
rangement with bankers to whom
large profits accrued in the purchase
of the bonds and the subsequent sale
of the same to the public."
"It appears that a number of lines
acquired by the Frisco were purchased
by that company at prices which af-
forded large profits to the syndicate
subscribers, and, trust, consequently
among the subscribers to these syn-
dicates were various officials of the
Frisco, including B. F. Yokum, chair-
man of the board of directors, as well
as officers of the St. Louis Union Trust
company."

SLAYS COUSIN TO
SAVE OWN LIFE
Glasgow, Del., Widow Held
After Shooting Man.
UPSET STOVE CAUSED FIRE
Victim Had Been Drinking and Had
Threatened to Kill All Persons in
the House.
Newark, Del., Jan. 27.—Mrs. Bessie
McKinney, a widow, living in Glasgow,
four miles from here, shot and killed
her cousin, Delaware Reed, to save
her own life, and she was held with-
out bail to await the action of the
cognor.
The woman, who is forty years old,
was housekeeper for Reed, who was
thirty years of age, and a blacksmith.
She, her three children and her moth-
er, Mrs. Emma Reed, all made their
home with Delaware Reed. Mrs. Mc-
Kinney had been his housekeeper for
eight years.
"Del" was in the habit of going on
sprees about twice a year," testified
Mrs. McKinney, who betrayed little
nervousness when she was arraigned
before Squire Lovett, "and when he
got drunk he got violent."
"He left the house in the morning
and did not come back until about five
o'clock. We knew there was some-
thing wrong when we saw him beat-
ing the horse, and when he came into
the house, swearing and in a rage, we
saw that he had been drinking."
"He kicked over the little stove in
the kitchen, and that started a fire.
He drove my mother and my children
into the front room. Mother, fearing
he would kill us all, ran out into the
street with the children to summon
aid.
"I managed to put out the fire and
then I tried to reason with Del. He
attacked me and pulled a revolver
out of his pocket. He told me he was
going to kill me. I grappled with him
and the revolver dropped to the floor.
I picked it up and ran for the door."
"Del" followed me out into the
yard, and I ran back again, going in
the front way. I locked the door in
his face. He began to break windows,
and then tried to force the door down.
Finally I opened it. As I did, he made
for me.
"Either he had to die, or I. So I
levelled that revolver at him and fired
three times. He fell back, and then
pulled himself together and staggered
into the house and through to the
kitchen. There he dropped to the
floor, dead."
Several persons, among them Harry
Brown, saw the shot fired, and saw
Reed stagger into the house, but no
one ventured in after him, until a phy-
sician arrived from Newark. He had
come in response to a telephone call
by Mrs. Reed, and he was followed by
Shelender, a constable, who arrested
Mrs. McKinney.
She was taken to Newark and there
lodged in the lockup. After her hear-
ing she was removed to the county
workhouse at Greenbank.
Mrs. McKinney's children are now
with Mrs. Reed, at Glasgow. Two of
the children are girls, one eleven years
old and the other fifteen. The third
child, a boy, is nine years old. Mrs.
McKinney's husband died last Octo-
ber.

STEEL MILLS AT HIGH SPEED
Boom in Trade Predicted as Big Or-
ders Pour Into Pittsburgh.
Pittsburgh, Pa., Jan. 27.—Increased
activity in the steel mills indicates
that business conditions throughout
the country are rapidly improving and
that this will be one of the most pros-
perous years in the past decade.
Orders for more than 100,000 tons
of steel have been received by the
mills in the Pittsburgh district during
the past week, and 15,000 workmen
will be benefited by the sudden change
in the business aspect.
Colonel H. P. Pope, general sales
manager of the Carnegie Steel com-
pany, predicted that within three
months the mills would be running at
full capacity. The steel trade is a
barometer for all other industries.

WOMAN SAVES THREE FROM GAS.
Shamokin, Pa., Jan. 27.—Mr. and
Mrs. Kimber Erdman and Erdman's
mother, who lives with them here,
were overcome by coal gas and only
the timely appearance of Mrs. George
Mumley and Mrs. Carey Wynn, neigh-
bors, prevented their asphyxiation.
The neighbors had not seen any one
about the Erdman home. They found
the place to be full of coal gas, and
throwing open doors and windows,
they hurried upstairs, where they
found the inmates senseless. They
were resuscitated after much diffi-
culty.
WOMAN SAVES 15 HOTEL GUESTS.
Pittsburgh, Pa., Jan. 27.—Wrapping
her head in a blanket, Mrs. Edward
Walton, wife of the proprietor of the
Hotel Walton, in Homestead, made her
way through the blazing corridors to
rescue fifteen guests. They escaped in
their night clothes before the hotel
was destroyed.

WILL NOT COME HERE
Fourth Brigade not Likely to Encamp
with the Division.
If the division encampment of the
National Guard comes to Gettysburg
this summer it will likely be without
the Fourth Brigade as it is expected
this brigade, commanded by Brigadier
General J. E. Corryell, of Philadelphia,
will be designated to take part in

attaches itself to the ventral body wall
of the fly. It belongs to the gamasid
family, and as it feeds it hangs on in
a manner nicely calculated not to
throw the fly out of balance in flying.

Enormous Demand for Matches.
The consumption of matches has
reached amazing proportions. Accord-
ing to the Lancet, about 18,000,000
gross of boxes are consumed per an-
num, 63 per cent, of which were of the
"strike anywhere" and 27 per cent,
of the safety variety. This is 5,922,000-
000 boxes and more than 500,000,000-
000 matches. Friction matches were
first used in 1833.

RADIUM FOR ALL,
LANE'S AIM IN BILL.
Says Element Now Is Only
Millionaire's Cancer Cure.
Washington, Jan. 27.—The victim
of cancer found an ardent champion
in Secretary of the Interior Lane.
The secretary came out flatly before
the house mines committee for the
withdrawal of all remaining radium
ore lands from public entry, declar-
ing that the fight for this segregation was
so "strongly tinged with human in-
terest" that it was really a "battle for
our mothers, our fathers, our sisters
and brothers to protect them against
the ravages of cancer."
He backed up this declaration with
the statement that radium ought "not
to be merely a millionaire's remedy,
but a cure within the reach of the
poor man." Further, he announced
that his policy contemplated "as a
public duty" a big fight to prevent the
monopolization of radium.
"There can be no question that it is
our duty to secure as much as possi-
ble of the curative agent," said Sec-
retary Lane, "because we know that
it is a cure for superficial cancer."
"I was alarmed in my investigation
when I discovered that 75 per cent
of the radium is made in this coun-
try and that we have now only two
grams here. I found, too, that we are
sending this radium across the water
and are forced to buy it back. The
second danger was that there would
be a monopoly of the lands and ra-
dium."
"Our plan would be to open 50
acres to each prospector, protect him
if he got anything, and then take 1
per cent if he found anything. The
remaining 75 per cent would go to
the general market."
Secretary Lane declared that the
government has under consideration
a partnership with Dr. Howard Kelly
of Baltimore, and Dr. Douglas, who
contemplates government control of a
factory at Denver, giving Dr. Kelly
seven grams of radium, the first man-
ufactured, the doctor to furnish the
equipment.

ASK GOMPERS TO EXPLAIN

Moyer Charges A. F. of L. With Inactivity.

COAL MEN PLEDGE SUPPORT

Amalgamation of Mine Workers Finds Favor in the Convention at Indianapolis.

Indianapolis, Jan. 27.—After Charles H. Moyer, president of the Western Federation of Miners, had charged that "if the strike of the copper miners in Michigan is lost, it will be due directly to the inactivity of the executive council of the American Federation of Labor," the convention of the United Mine Workers of America voted unanimously to request Samuel M. Gompers, president of the Federation, to appear before the convention and explain the attitude of the council.

President Moyer was given an ovation when introduced by John P. White, president of the coal miners. His speech was followed by John H. Walker, a coal miner and president of the Illinois State Federation of Labor.

Walker told of the conditions in the copper country as he found them during the ten weeks he was there as a representative of the coal miners.

President Moyer declared that two appeals had been made to the American Federation of Labor executive council at Washington for aid for the copper strikers, and that so far no action had been taken.

In speaking of the assault on himself and his alleged deportation, he said the treatment accorded was no worse, and in many cases much less, than that dealt out to hundreds of men and women in the rank and file.

Mr. Moyer said he was in favor of the amalgamation of his organization with the coal miners. He suggested that a committee of the international officers be empowered to work for a plan for the merging of the two mining unions.

President White, in the name of the convention, assured Mr. Moyer of the continued moral and financial support of the coal miners. Mr. Moyer said there were 49,999 men, women and children in the copper district of Michigan receiving aid and that it required \$30,000 a week to supply these with the bare necessities of life.

WILSON NOT AFTER ALL HOLDING COS.

Says Only Those a Monopoly Will be Barred.

Washington, Jan. 27.—Nothing in President Wilson's trust legislation program against holding companies will be intended to bar anything "that it not in the nature and spirit of a monopoly."

President Wilson indicated this when, discussing the situation, it was pointed out that a sweeping prohibition of holding companies would naturally affect concerns which had been required to organize subsidiary companies to comply with certain state laws.

The president let it be known that where such a business was being carried on by practically the same corporation there would be no restriction. He emphasized as the governing principle that corporations organized and merged with others for purposes of monopoly or restraint of trade would be clearly barred and that those which obviously did not interfere with interstate commerce would be let alone.

The purpose of the administration would be, the president declared, to let things grow that grew naturally and legitimately.

With respect to the proposed interstate trade commission, the president said it would not be an administrative body, but one of publicity and information. He said it would have no possible conflict with any other department of the government, because it would not have the right to act in the field or any other constitute authority.

The president does not believe the commission should give publicity to the legitimate methods of business of any concern of which rivals might take advantage.

50,000 IDLE IN LONDON

Lockout in Building Trades Swells Army Involved in Labor Dispute.

London, Jan. 27.—The second week of London's labor troubles began with a lockout of all the building trades workmen who refused to subscribe to the "open shop" system.

In addition to the fuel famine, arising from the strike of coal van drivers and porters, practically all building operations were brought to a halt by the refusal of the masters to allow the union workmen to return to work.

Fifty thousand drivers and building trades workmen are idle, with the possibility that the next twenty-four hours will see this number doubled. The severe conditions arising from the fuel famine were alleviated by the milder weather, but the price of coal was advanced because of the constant dwindling supply.

"Safety First" For Pedestrians.

New York, Jan. 27.—In view of the many deaths to pedestrians in motor truck accidents, the American Express company equipped the dashboard of each of its trucks with this reminder for the chauffeurs: "Safety first. Pedestrians have the right of way. In case of doubt stop your trucks. Take no chances of injuring anyone. Safety first."

THE NATURAL MONTH FOR SALES

January is known in merchandising as the natural month for "sales."

It is the month of business housecleaning and planning for the new season. Most stores "take stock" and balance their books in January. They are naturally anxious to clean out small lots and turn their wares into cash.

So they make prices accordingly.

Those who like to profit by sales need no urging to read the newspaper advertising these days. They scan every line and they shop knowingly.

It is interesting to watch the way the stores go after business with each turn of the season. Our American merchants are setting an example of progress to all the world.

They know how to make advertising pay you and pay them.

AN AFTERNOON SUIT OF MOIRE AND A SMART TAILORED FROCK

Smart women will wear next season the tunic skirt, the per-top and models that are draped up in back bustle fashion or caught in at the sides. There is a wide choice in each of these designs. There are single, double and triple tunics and modified Minarets. Instead of the real tunic there may be trimming bands of plaits arranged to give the same effect. Blouses and coats will follow the same general lines, variation being given by sash arrangements, novel sleeve and vest effects.

No. 7720-786 is a costume of ochre moire. The coat shows a set-in sleeve, an attractive collar and front closing. The skirt has a graduated tuck, which forms a tunic in front and gives the effect of drapery in back. This costume may be made in size 36 with 2 3/4 yards of 36 inch material for the coat (7720) and 3 yards of 36 inch material for the skirt (7861). A delightfully colored wool crepe is used for the other frock illustrated (7911-7951). The colors are gray and white, very silvery and delicate, and the cuffs, collar and sash are of silk in the same shades of gray and silver. This skirt model shows a slight drapery in front effected by two dart tucks.

For size 36 this design requires 2 3/4 yards of 36 inch material for the bodice (7911) and 2 3/4 yards of 42 inch material for the skirt (7961).
No. 7720—sizes 32 to 42.
No. 7961—sizes 22 to 30.
No. 7911—sizes 34 to 42.
No. 7961—sizes 22 to 30.
Each pattern 15 cents.

Sometimes Well to Go Slow.
A good many people will feel a sentiment of sympathy for the hapless person who having hired an expert to work up his pedigree, found himself obliged to pay much money to prevent the expert from telling what he had found. It is a wise child that knows its own father, according to the proverb; and apparently a still wiser one that doesn't.

Healthy Hair, Free From All Dandruff

Unwisely, matted, scraggy hair is a sign of neglect—of dandruff, the hair destroyer. Surely use Parisian Sage. It is a scientific preparation, based on a thorough knowledge of what is needed to cleanse the scalp and hair, keeping them perfectly healthy, stop scalp itch and falling hair, and make hair grow. Get a 50 cent bottle from People's Drug Store 30-day—pour a little on a sponge or cloth and rub lightly over the hair, taking a small strand at a time—rub it into the scalp. Presto! the dandruff surely disappears; the hair is free from dust and excessive oil and is doubly beautiful. Try it now—it will not only save your hair and make it soft, fluffy and abundant, but give it that incomparable gloss and beauty you desire.
